Commission d'Aménagement du Nunavut

## NOTICE OF PROPOSED AMENDMENT NO. 1 TO THE KEEWATIN REGIONAL LAND USE PLAN

NOTICE IS HEREBY GIVEN THAT NUKIK CORPORATION HAS SUBMITTED AN APPLICATION FOR AN AMENDMENT TO THE KEEWATIN REGIONAL LAND USE PLAN (KRLUP) TO DEVELOP A TRANSMISSION AND COMMUNICATIONS LINEAR INFRASTRUCTURE CORRIDOR, (*THE KIVALLIQ HYDRO-FIBRE LINK*).

The proposed amendment seeks to establish a ten-kilometre-wide corridor extending approximately 1,000 kilometres within Nunavut, running from the Nunavut–Manitoba border north to Arviat, Whale Cove, and Rankin Inlet, then branching northwest to Baker Lake and continuing north to Chesterfield Inlet. The Kivalliq Hydro-Fibre Link (KHFL) project would enable the delivery of renewable hydroelectric power and high-speed telecommunications to five Kivalliq communities and two existing mine sites.

The Nunavut Planning Commission is inviting public review and comment on the proposed amendment.

PLEASE SUBMIT YOUR COMMENTS BY 5:00 P.M. EASTERN, JUNE 1, 2026, at [\*\*submissions@nunavut.ca\*\*](mailto:submissions@nunavut.ca).
