CONSEIL D'EXAMEN DES TAUX DES ENTREPRISES DE SERVICE DU NUNAVUT

A message from the Utility Rates Review Council (URRC)

The URRC has received a request from Qulliq Energy Corporation (QEC) for a 1.50 cents per kWh fuel stabilization refund rider (FSR), effective from April 1, 2026, through September 30, 2026. QEC's application for the refund rider was made in accordance with long standing Fuel Stabilization Rate Fund procedures. The Minister responsible for Qulliq Energy Corporation forwarded the request to the URRC on March 25, 2026, for review and recommendation.

As customers may be aware, diesel prices are expected to rise. In the interest of minimising future rate increases, the URRC recommended that QEC (and the URRC) not follow the parameters established for the Fuel Stabilization Rate Fund. The URRC recommended the interim refund rider be deferred, pending a full review to be completed by June 23, 2026.

If the FSR refund rider is required after the URRC's review, and approval by the Minister responsible for QEC, QEC fuel stabilization riders are automatically applied to monthly power bills and customers do not need to fill out an application form.

A copy of the application is posted on QEC's website at www.qec.nu.ca and is available upon request either through the URRC or QEC.

Written submissions regarding the fuel stabilization rider can be made to the URRC.

The deadline for written submissions is

May 8, 2026, 5 p.m. (Eastern Time).

Submissions can be sent to:
Email – URRC@gov.nu.ca
Address – Executive Director for the URRC,
1084 Mivvik Street, Iqaluit, NU, X0A 2H0,
URRC@GOV.NU.CA

The URRC is an arm's-length council that gives advice to the Government of Nunavut about rates levied by utilities.
